

Archive the video data captured on filming location to LTO tape
By "verify" function, data can be copied safely and reliably

Features

Enable continuous copy with easy operation

- Up to 6 memory cards which have captured video data can be copied continuously to LTO tape
- Data exchange between Windows and Mac platform is possible by LTFS format
- Progress during copy and remaining time can be seen on the GUI

Simultaneous archive to the storage such as HDD

- Archive can be done to HDD as well as to LTO in one operation

Safe by auto verify function

- Possible to select 4 type of verify mode (including no verify). User can select the verify type flexibly in accordance with the purpose and time.
 - Complete comparison on all files
 - Complete comparison on some files, other files are compared by size and structure
 - Comparison size and structure
 - No Verify
- Possible to operate verify only

Report of copy and verify result

- Copy and verify results are output as a report
- In the report file, not only information of the copy source and destination, but also the processing results including error etc. has been recorded.

Advantages

Reduce workload of the user by continuous and simultaneous copy

- Continuous copy of up to 6 memory cards is possible. No need to make a copy one by one manually.
- When user will take copy to HDD as primary and to LTO as secondary, user only need to set the destination of output of the HDD.
- Technology which automatically replaces the characters which are not available in Windows is equipped.
- Progress during copy and remaining time can be seen on the GUI.
- By verify function, user can confirm that the data is copied correctly.
- Reduce user's workload and provide copy with stress free.

UNITEX FASTCopyLT LTFS Data Copy Software

Example of Main screen

Possible to copy up to 6 memory cards continuously

System requirements

Supported OS

Model	Supported OS
UNITEX FASTCopyLT for Windows	Windows 7 (32bit/64bit)
	Windows 8 (32bit/64bit)
	Windows Server 2008 R2 (64bit)
	Windows Server 2012 (64bit)
UNITEX FASTCopyLT for MacOSX	Mac OS X 10.7 (64bit)
	Mac OS X 10.8 (64bit)
	Mac OS X 10.9 (64bit)

Supported LTO tape drive

Model	LTO Tape drive
LTFS LT50 USB	USB LTO5 Tape drive
LTFS LT60 USB	USB LTO6 Tape drive
LTFS LT50 USB/SAS	USB/SAS LTO5 Tape drive
LTFS LT60 USB/SAS	USB/SAS LTO6 Tape drive
